Test Cases				
ID	Description	Expected		
1	1. Create (or open) any trip page 2. Create 3 todo nodes 3. Mark status as "Done" for two of them and "To do" for the last one	2/3 of progress bar is green, 1/3 is gray.		
2	1. Create (or open) any trip page. 2. Create any to do node. 3. Change screen width to 540px or less.	Buttons are correctly aligned in column.		
3	1. Create (or open) any trip page. 2. Set any date in trip description form.	The trip dates should have some logical limitation. User can't set trips for next century, or set trip duration more than 10 years
